Dear Svetlana,

Re: Confirmation of iTEC Probationary Centre Approval

Thank you for your application to become an iTEC approved centre. We are pleased to confirm that your centre, International Academy of Faceplastic and Osteopathy has been granted *PROBATIONARY REGISTRATION*, conditional to the successful outcome of a centre inspection which will take place at a later date. Your centre is approved to deliver the qualifications listed on the enclosed Approved Qualification Record (AQR).

A personal log in and password for the iTEC exam booking system will be forwarded to you in an automated email.

Attached with this letter you will find a copy of the iTEC logo and your centre certificate. As an approved iTEC centre, you may now use the iTEC logo on your promotional material and your centre will be listed on the iTEC website.

You will be offered a centre induction to provide help and advice on the iTEC qualifications, website, bookings, enrolments and any other queries that you may have.

Yours sincerely,

Ruth McGrath
